**Payment Due Summary** - A negative dollar amount for "Total Current Charges" means your solar system produced more electricity than you used this month.

**Electric Usage Graph** - No bars will show in this graph the months when your solar system produced more electricity than you used. If you produce less electricity than used, this graph shows a positive kWh/day usage.

**Supply Charge** - This will be zero in months when your solar energy system produces more electricity than you use.

**Delivery Charge - 2 Scenarios**  
 "Delivery Customer Charge" fixed amount (\$7.00)  
 "Delivery Charge" includes the following charges: distribution, transition, transmission, renewable energy, energy conservation, revenue coupling, and energy efficiency. These charges will ONLY appear on your bill when you use more electricity than your solar system produces - see scenario below.

**Delivery (Rate 32 R1 RESIDENTIAL)**

Customer Charge	
Distribution Charge	26 kWh X .08144
Transition Charge	26 kWh X -.00411
Transmission Charge	26 kWh X .03812
Revenue Decoupling Charge	26 kWh X .00304
Distributed Solar Charge	26 kWh X .00469
Renewable Energy Charge	26 kWh X .00050
Energy Efficiency (CLC)	26 kWh X .03301

**\$7.00**

**Payment Due Summary** - This shows a summary of all your charges.

**Current Usage** - (-321) reading is used to determine your net metering credit when you produced more electricity (sent to the grid) than you used to power your home.

**Monthly kWh Use** - If you see a zero in this summary of your monthly usage it means your solar system produced more energy than you used.

**Other Charges or Credits** - The amount on the NET MTR CRDT line (-72.10) is calculated by multiplying your "Current Usage" by the net metering credit value. The "Total Current Charges" (-\$65.10) reflect this net metering credit minus the fixed delivery customer charge. This credit will carry forward to your next bill.

**Delivery Customer Charge** - You will be charged this fixed amount every month even if you produce more electricity than you use in that month.
